Prospective AJB Players, Coaches and Parents:

It is time once again to prepare for the 2010 Baseball Season. You will find enclosed a registration form for the 2010 summer baseball season. Please check to make certain that your player meets the age requirements for the League they are intending to play. If additional forms are needed they can be obtained from the **Registration Page** at the AJB website, www.ajbbaseball.com.

***Return forms
and fees by
March 15,
2010.***

Please note that the earlier the forms and fees are returned the more likely your child will be placed on a team with other requested players or coaches. Your **player is not considered registered** with the program until both **forms** and **fees** have been received. AJB places the uniform order on April 1, and therefore registrations received after **March 15** are not guaranteed to be placed with requested players, and **players registered after March 15 will receive whatever shirt sizes are available for the assigned team.**

Coaches and Assistant Coaches: Please be sure to include your **email** and a **daytime phone number** where you can be reached during the summer months if we have weather/field issues that require us to contact you on game days. We also need this information if we need to contact you for re-scheduling ballgames.

AJB will host walk-in registrations at the **Coliseum** in downtown Bloomington in late January and February, 2010 and at the AJB Office at O'Neil park on Saturdays in March of 2010. When dates are confirmed they will be posted to the website. Forms and fees can be turned in at this time or mailed to the AJB post office box any time.

We look forward to your involvement in **American Junior Baseball** next summer. Registered players will receive a mailing in mid-April with Team and Uniform Pick up Information. Questions or concerns can be directed to AJB Staff through a phone message or preferably through email at ajb.baseball@verizon.net.

New in 2010...
